MARKET ANNOUNCEMENT

- Narita Airport Business Delegation visits Fiji

In 2017, FBL partnered up with the Narita Airport Business Co Ltd (NAAB) to work together and address human resource issues pertinent to both countries. As a result of this partnership a NAAB delegation team of 11 people led by NAAB's Executive Director, Mr Kenichi Katsuta visited Fiji from the 23rd of February and returned to the 26th of February 2019.

The delegation chose Fiji as its destination for its Company holidays as well as the opportunity to sit with FBL Executives and Management during this time to continue dialogue on the employment opportunities for Fijians in Japan in the coming year(s). The discussions were around the possibility of FBL expanding its operations to provide Diploma level Japanese language courses in Fiji in order to meet the Japanese speaking level or skill for NAAB to allow for a smoother transition of the Fijian recruits into the Japanese working environment.

The delegation was accorded a traditional Fijian welcome at the newly established Kava Up bar in Votualevu, Nadi as well as visited FBL's campuses and local home stay families to familiarise themselves better with FBL's operations here in Fiji.

Executive Chairman Hiroshi Taniguchi said, "This was a great opportunity to showcase Fiji to the NAAB delegates so that it gives them a better understanding of Fiji as a nation as well as its people. We wish to continue our business partnership with NAAB to help the Fijian people with employment opportunities in Japan."

FBL sent three Fijian women to work at the Narita Airport in May last year and they have continued to support business at the Narita Airport.

Yours sincerely

Hiroshi Taniguchi
Executive Chairman

Roqiqi Korodrau
Company Secretary
